

BLUE CARD[®]

WORKSHOP SCHEDULE

24-25

JAN

FIREGROUND STRATEGIC DECISION-MAKING & CRITICAL THINKING WORKSHOP

700 Broad Street
St. Joseph, MI 49085

08:30 AM - 4:30 PM

The Blue Card Critical Thinking and Strategic Decision-Making class has been designed to reinforce the Functions of Command and to develop trainable, repeatable decision-making on the fireground that ultimately diminishes the chance of serious injury or LODD for firefighters working in offensive positions during defensive conditions. Based on practical incident command principles, the effective application of modern fire service research, and a transparent standard decision-making process.

28-29

APR

MAYDAY MANAGEMENT WORKSHOP

LOCATION TBA

08:30 AM - 4:30 PM

"Mayday, Mayday, Mayday" are the most frightening words transmitted on the fireground. It means something has gone terribly wrong, and a firefighter, or worse yet, firefighters, are in distress and calling out to the heavens for help. Blue Card will address these issues, and many more, in a two-day workshop and continuing education event dedicated to Mayday Management. We will offer task, tactical, and strategic-level solutions to Mayday Management, which will be exercised during Mayday simulation training.

17-18

SEPT

BIG BOX & SPRINKLERED BUILDING FIREFIGHTING WORKSHOP

LOCATION TBA

08:30 AM - 4:30 PM

The two-day Big Box Workshop, where we take an in-depth look at the proliferation of these new buildings and examine their impact on the fire service. There will be lively discussions with experienced participants, along with an opportunity to put the ideas into action during a stirring round of big-box simulations.
